Thoughts from Driver Ron Hornaday:

"Once again, it will be great to have Anderson's Maple Syrup on board the No. 9 Chevrolet this weekend, with associate sponsorship from Jewel-Osco. The track has different characteristics than any track we have raced on this year, so this will be a unique race for the NCWTS. Chicagoland is aging and lacking grip, so it will be very challenging to drive. I'm looking forward to getting there and competing for the win."

Words of Wisdom from Crew Chief Bruce Cook:

"I have raced Chicago quite a bit in the past and have had the good fortune to lead laps there and finish in the top-five several times. We are taking the Pocono truck that we finished sixth with, so I know it will be very good to us at Chicagoland. Ron (Hornaday) enjoys the track, which gives our Anderson's Maple Syrup team a ton of confidence going into the Friday night race."

About Anderson's Maple Syrup:

In 1928, Paul Anderson first shared the distinct taste of Wisconsin's Northwood's in tins of his delicately sweet maple syrup. Three generations later, the Anderson family carries on its sugar making heritage by bottling pure maple syrup from the same sugar bush their grandfather tapped for so many years. A healthy all-natural delicacy, authentic maple syrup is a nutritious, low-calorie alternative to artificial sweeteners and maple-flavored syrups. From its roots in Cumberland, Wisconsin, Anderson's Maple Syrup can today be found in supermarkets and specialty shops across the country.
