### **Hornaday Hype:**

"Dover is one of the few concrete tracks on the schedule, and I always look forward to racing at such a fast speedway. The coolest part about Dover is winning because you get the historic Monster trophy. I am proud to have Anderson's Maple Syrup as my primary sponsor for Dover and I welcome ACME Markets, Inc. as our team's associate sponsor. My crew chief Bruce Cook has prepared a great truck for this race, so I am excited to show the true potential of this NTS Motorsports/Joe Denette Motorsports No. 9 team and take home another Monster Trophy."
