Brian Scott Finishes 16th at Road America

Brian Scott and the No. 2 Shore Lodge Chevrolet Camaro team started the Gardner Denver 200 presented by Johnsonville in the sixth position at Road America. The rain halted the delay of the event by over an hour but when the green-flag waved, Scott found his way inside the top-five racing in the fourth position by lap 10. The No. 2 Shore Lodge pit crew won the race off pit road twice during 53-lap race, including the mandatory pit stop by NASCAR to put on rain tires. Scott spent the majority of the race inside the top-five and was racing in the third position when the final caution flag flew with two laps to go. The Shore Lodge team gambled on fuel mileage and was forced to pit in order to complete the green-white-checked finish. After three-final laps around the 14-turn road course, Scott crossed the finish line 16th. The finish moved the team up one position in the driver point standings to fifth. The NASCAR Nationwide Series heads to Kentucky Speedway next week for a Friday night showdown.

QUOTE:

"Just a really disappointing day for our Shore Lodge Chevrolet Camaro. We had a great car and we needed it to go green to the end. Unfortunately, it didn't work out in our favor."
