

For Immediate Release

DDP Motorsports Announces Partnership with Anderson's Pure Maple Syrup

Knowles, WI (Jan. 22, 2016) – DDP Motorsports LLC is proud to announce that Anderson's Pure Maple Syrup will be partnering with us for the entire 2016 Racing Season. Made and Marketed by the same Wisconsin family since 1928, Anderson's Pure Maple Syrup will be featured as the Primary Sponsor for our Racing Team. Anderson's Pure Maple Syrup has had a long history of supporting NASCAR Drivers over the years and is excited to also be a part of Short Track Racing in 2016.

Anderson's Pure Maple Syrup is a tradition over 85 years in the making. In 1928, Paul Anderson first shared the distinct taste of Wisconsin's Northwoods by producing delicately sweet pure maple syrup. Three generations later, his Grandson, Steve Anderson, still produces the pure, all natural, healthy alternative to artificial "maple-flavored" syrups. Anderson's Pure Maple Syrup can be found in Supermarkets and Specialty Stores all across the Country.

Dennis Prunty, Car Owner and Driver of the Anderson's Pure Maple Syrup, #42 Super Late Model Race Car, is a 25 year veteran of the sport and plans to kick off his 2016 Racing Season at the Fairgrounds Speedway in Nashville, Tennessee on Friday and Saturday, April 8th & 9th in the ARCA/CRA 125.
